- Background on SM/HQE Hiring Initiatives
  - SECDEF memo – established transition within 90 Days
  - Extension to 30 Sep 10 for Contract SM
  - Lack of UnderSECNAV Policy on hiring SM
  - Initial USJFCOM Submission of first 17 HQE packages

- Key facts/constraints involving transition of SM to HQEs
  - 59 Day annual limit on use of each SM
  - No Incentive/Recruitment Pay allowed by USECNAV
  - Reluctance of certain SM to make transition due to variety of factors
  - No minimum guarantee of SM/HQE support based on lack of incentive agreement

- FY 11 SM/HQE Joint Training Support Plan
  - Reduced flexibility
  - Coordination critical to keep within admin constraints
  - Will be adjusted/updated continuously as program transitions
